### FSOT Doxa Divingstar 750t Gmt

**Hi all , thinking of selling/trading my Doxa ( got the bug again ) I would PREFER to sell but would like to hear from anyone wanting to trade , I like divers or BIG watches ( 42mm+ ) so let me know what you have , If its a trade I,d like to trade for the same or trade up with cash from me so let me know what you got ?**

**Details on the Doxa Divingstar 750T GMT  
This watch , to my knowledge is now sold out !**

Watch is practically LNIB ( Tube lol ) , in fact the only marks are a few tiny swirlies on the bracelet clasp , the case , crystal , bezel are flawless !

The watch is running at +3 secs per 24hr which is fantastic , and of course the watch comes with the tube , warranty card - Nov 06 so still over 1 & 1/2 years of warranty left , full size thicker GMT bracelet ( which is AWESOME by the way ) & screwdriver !

Price is \$1400 or £725 firm shipped worldwide  
Paypal is fine and i,ll split the fees

Please e-mail if you would like more pics or have any other questions !  
I have MANY ref`s so please ask  
All the best
